Dear Resident:

The police department is asking your assistance in finding off street parking for your vehicle in the winter months. It is the goal of the village to limit parking on village streets over the winter months to make snow removal, plowing easier and more efficient.

Village ordinance, 70-61(a): restricts parking on village and private street to 30 minutes, between 2:00 AM and 6:00 AM.

Village ordinance, 3-129: Vehicle left on any village street for more than 48 hours will be considered abandoned and subject to being cited and towed at the owner's expense.

Sincerely,
Kevin Porter
Chief of Police
