I again apologize for my words I used that were recorded on body cam footage in August 2020 long before I became Village Board President. I should not have let my frustration with the village boards inaction on my complaints as well as no assistance from the village police dept and my personal physical pain affect my choice of words, but it did.

I publicly apologized previously and again today, and I will personally apologize to anyone I offended face to face at the village hall.

If you know me my most used words on a daily basis are please, thank you, have a nice day

Who sitting here can honestly say they have never used a negative term in there life? The
