## **\*\*\*FRIENDLY REMINDER and CCW CERTIFICATION COURSE\*\*\***

### **Bugline Trail Crossing Reminder**

### **LET'S WORK TOGETHER TO KEEP LANNON SAFE!!**

With the weather getting nicer, we're seeing more of our neighbors out enjoying the fresh air on foot and on two wheels. Lannon has several Bugline Trail crossings, so to keep everyone safe, the Lannon Police Department wants to share a quick refresher on the rules of the road.

Under **Wisconsin Statute 346.24(1)**, the law is clear:

The operator of a vehicle **shall** yield the right-of-way to a pedestrian, or to a person riding a bicycle in a manner which is consistent with the safe use of the crosswalk, who is crossing the highway within a marked or unmarked crosswalk.

### **What does this mean for you?**

**Yielding is the Law:** If a pedestrian or cyclist is in a crosswalk, you must stop to let them cross.

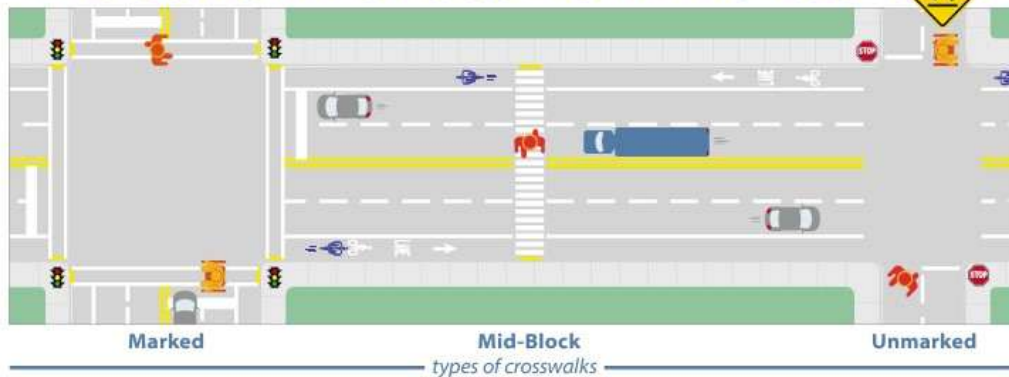

**Stay Alert:** Keep an eye out at intersections and near the Bugline Trail crossings. Staying off your phone is a good first step.

**No Passing:** Never pass a vehicle that has stopped at a crosswalk, as they are likely yielding to someone in the crosswalk that you can't see yet.

**Cyclists:** You must stop at all road crossings. Heeding the trail signage is an important step to keeping yourself safe.

**Please see the illustrations below to familiarize yourself with these rules!!**

# Wisconsin Crosswalk Rules

## What is a crosswalk?

- A marked crosswalk is any place designated by signs or road striping for crossing a roadway.
- An unmarked crosswalk exists where there are no signs or stripes on the roadway designating it, but where a sidewalk exists. It is the area extending out from the sidewalk across the roadway.
- Either type of crosswalk may exist at an intersection or mid-block.

## Who may use a crosswalk?

- Pedestrians, persons in wheelchairs and disability scooters, bicycles, electric scooters, Segways, and personal delivery vehicles.

### Driver responsibilities

- Drivers must yield or stop to avoid a collision in all circumstances.
- Drivers must yield or stop for a person or device in a crosswalk and cannot pass another vehicle that has stopped at the crosswalk.
  - NOTE: A person is in a crosswalk when they have left the curb and are in the gutter/pan or have entered the roadway.
- Drivers turning at a traffic sign or signal must yield to people or devices legally in a crosswalk over which the driver intends to travel.
- Drivers must yield to people or devices on a sidewalk before crossing the sidewalk.
- Drivers have those same responsibilities at crosswalks for shared use paths.

### Crosswalk user responsibilities

- A person should avoid entering a crosswalk if a vehicle is so close that it will be difficult for the driver to yield.
- When crossing at an intersection with a traffic signal:
  - Only cross when the "walk" signal is on.
  - Continue crossing to the sidewalk or refuge island if the signal switches to "don't walk."
  - Do not begin crossing on a "don't walk" signal.
  - Only cross when facing a green light if there is no "walk / don't walk" signal.
- Crosswalk users crossing the street from a shared path follow the same rules as a crossing at any other crosswalk at an intersection.
- Bicyclists using a shared use path with signs or signals must obey any signs or signals before crossing a sidewalk or entering the street if there is no sidewalk. Then a bicyclist is to use the crosswalk the same way they would use any other crosswalk.
- If crossing at a location other than a crosswalk, a person must yield to motor vehicles.
